# EVERY AUTOMOBILE IN CITY WANTED ON BEACH TOMORROW.

FOR MOVING PICTURE FILM  
TO BE EXHIBITED IN NORTH.

BEST OPPORTUNITY YET OF-  
FERED TO ADVERTISE FA-  
MOUS BEACH AND EVERYBODY  
SHOULD BOOST.

Every person in Daytona and vi-  
cinity who owns an automobile and  
every person who can borrow a ride  
in one owned by somebody else is  
hereby requested, urged and ordered  
to be on the beach in front of Hotel  
Clarendon at 1:30 o'clock tomorrow  
afternoon.

This request is made by every per-  
son who has the interest of the city  
and the future development of this  
community at heart.

The plan is to have a panoramic  
moving picture taken of the famous  
Daytona beach to be exhibited all over  
the United States, and it is desired  
that every automobile in this section  
of the state shall be shown in the  
picture.

The pictures are to be taken by  
two representatives of the Educa-  
tional Exhibits company, who have  
been in Florida for some time taking  
moving pictures of the most noted  
and best portions of the state for the  
purpose of reproducing films which  
will show the state to the best ad-  
vantage. These films are to be shown  
all through the north, each exhibi-  
tion to be accompanied by a lecture telling  
of Florida and explaining where and  
when the pictures were taken.

These men have already taken a  
moving picture of the famous Day-  
tona beach, which has a reputation  
all over the world as an automobile  
racing track, this film having been  
taken from a moving automobile Mon-  
day afternoon. When this film is ex-  
hibited in the north the lecture will  
explain the view of the famous beach.

At the earnest request of the Day-  
tona board of trade these men have  
consented to make another moving  
picture film showing the famous  
beach covered with moving automob-  
iles, this film to be exhibited in con-  
nection with those showing the whole  
educational exhibit of Florida.

Just what arrangements will be  
made for the disposition of the auto-  
mobiles on the beach has not yet  
been decided, but all plans will be  
completed by the time the cars are  
gathered on the beach in front of the  
Clarendon at 1:30 o'clock tomorrow  
afternoon.

Every automobile owner should feel  
every other automobile owner to make  
it a point to be on the beach with  
his car at the appointed time.

LaDELL-FOX COMPANY

# REBELS IN MEXICO ARE MORE ACTIVE.

REBELS ACCEPT CHALLENGE  
OFFERED BY THE FEDERALS.

NO STEPS HAVE YET BEEN TAK-  
EN BY THE MEXICANS TO IN-  
CREASE STRENGTH ALONG THE  
BORDER.

EL PASO, Tex., March 14—The  
revolution has broken out anew in  
the province of Coahuila in the north  
part of Mexico and the province of  
Morelos in the south part, the Rev-  
olutionists having accepted the chal-  
lenge given by the promulgation of  
martial law.

The Insurrectos are destroying the  
railroad lines in northern Mexico  
and blowing up the bridges. All  
hope of sending relief to the forces  
in Chihuahua has been abandoned  
for the present.

More Soldiers Arrive—  
San Antonio, Tex., March 14 —  
Preparations were started today on  
the great maneuver grounds at Leon  
Springs for the reception of addi-  
tional soldiers.

Reports from the American  
patrol on the frontier today state the  
Mexicans have taken no steps to in-  
crease the strength of their garri-  
sons along the border.

Troops Menely on Watch—

AUSTIN, Ga., March 14—If an in-  
vasion of northern Mexico by the  
American army occurs it will be  
either by consent of the Diaz admin-  
istration or because President Diaz  
shows himself unable to protect  
American interests in Mexico.

Nothing will be done to give of-  
fense to the Mexican government  
unless it becomes apparent that  
President Diaz will be unable to re-  
store order. The troops along the  
border will maintain neutrality.

TO CALL OUT THE TROOPS;  
STRIKE SITUATION SERIOUS.

FREIGHT TRAFFIC ON QUEEN &  
CRESCENT SUSPENDED — KEN-  
TUCKY MOUNTAINEERS FIRE  
ON TRAINS.

CHATTANOOGA, Tenn., March 14  
—The strike of the white firemen  
on the Queen & Crescent has be-  
come so serious today that it is ex-  
pected the state troops will be called  
out before night.

Freight traffic has been almost  
entirely suspended and passenger  
trains are being operated with diffi-  
culty. The mountaineers in Ken-  
tucky have been stationing them-  
selves along the track and firing  
on the trains as they pass.

Riots in Kentucky—  
LEXINGTON, Ky., March 14—One  
man has been killed and four others  
shot in a riot at Stearns, Ky., over  
the strike of the Queen & Crescent  
firemen. Three negro firemen are  
reported to have been lynched at  
Kings Mountain. Engines pulling  
passenger trains are now being at-  
tacked by the strikers and sym-  
pathizers.

WHEAT TRADE LIGHT;  
PROVISIONS EASIER.  
CHICAGO, March 14—The wheat  
market opened a shade easier today  
with the trading light and May quoted  
at 99 3/8c. Provisions were a  
shade easier. May pork, \$17.42; lard,  
\$9.10; ribs, \$9.50. Hogs slow and  
steady and cattle steady.

EXERTING EVERY POWER TO

THE WRECK OF THE CARNE-

NEW YORK, March 14—The fi-  
nanciers have been exerting every in-  
fluence and power to head off Dis-  
trict Attorney Whitman from his in-  
vestigation of the wreck of the Car-  
negie Trust company.

They have even managed to get a  
representative into the Tombs pris-  
on with an offer of \$50,000 to Jo-  
seph Robin, the convicted bank  
wrecker, if he would protect them in  
his testimony.

Robin declares he will reveal the  
whole affair and has spurned the  
offer of bribery. It is said his sister  
has been threatened in the efforts of  
the financiers to induce Robin to  
betray the district attorney.

Robin has told the whole story to  
District Attorney Whitman and the  
official has arranged to amply pro-  
tect Robin's sister. It is said that  
a number of prominent New York  
financiers are involved.

# WHO OWNS TWO SEWERS? MAYOR WANTS TO KNOW.

GOOD WORK  
BEING DONE  
ON HIGHWAY.

TEMPORARY SURFACING DONE  
ON ROAD TO JACKSONVILLE.

CONDITIONS ON ROAD BETWEEN  
ST. AUGUSTINE AND METROPO-  
LIS ARE NOW VERY MUCH IM-  
PROVED.

Splendid progress is being made in  
the work of temporary road surfacing  
on that portion of the Jacksonville-St.  
Augustine highway which lies be-  
tween Sampson and Durbin, says the  
St. Augustine Record. Through the  
efforts of the board of trade there  
has been a sufficient amount of  
money available each week to en-  
able to good roads committee to con-  
tinue the work. Experiments have  
been made with sawdust being used  
alone, and in others a combination of  
the two. During the past two weeks  
the method has been adopted of  
trenching the two rutts of the road-  
way for a width of eighteen inches,  
and in these trenches are placed the  
foundation of palmetto, which is later  
covered by sawdust and a very small  
layer of sand. In spite of the contin-  
ued dry weather this particular  
method has proved the most satisfac-  
tory. Now automobiles find no diffi-  
culty whatever in running at a speed  
of fifteen to twenty miles while here-  
before the road has been well-nigh  
impassable.

If the finance committee can raise  
sufficient funds the road committee  
will continue this work from the  
Sampson crossing through the  
county line beyond Durbin. It is  
learned that some temporary repairs  
are to be made to the old King's  
road from the Sampson crossing in  
by the way of the splendid road just  
completed by Albert Lewis, and thus  
afford an alternative route, which,  
when the county commissioners com-  
plete the surfacing of the new high-  
way by way of Magnolia, will give  
a circle drive of a little more than  
twenty miles in length. Another ad-  
vantage in having the old King's  
road available is that the work of  
the county commissioners will not  
be interfered with, and that they will  
be enabled to keep all traffic off the  
stretch from Sampson to San Marco  
avenue until that portion of the road  
is in good condition for travel.

If the work can be continued for  
the next three weeks there will be  
"good going" from St. Augustine to  
the border of Duval county. That will  
put the matter up to the commis-  
sioners of Duval to improve that por-  
tion of the road from Durbin back to  
beyond Leesville where the shell road  
begins.

DETERMINED TO CLEAN UP  
DAYTONA AND ITS SUBURBS.

APPEALS TO COUNCIL FOR AU-  
THORITY TO CLOSE UP TWO  
SEWERS WHICH EMPTY INTO  
THE HALIFAX.

The clean up policy inaugurated  
by Mayor Henry Titus has been car-  
ried to the city council in the form  
of a recommendation that the own-  
ers of two sewers emptying into the  
Halifax river, one just south of the  
South bridge and the other in front  
of the Austin, be compelled to ex-  
tend the outlet pipes out into deep  
waters or that the sewers be  
closed, and that all open closets  
within 150 feet of Beach street be  
condemned and abolished.

Efforts on the part of the mayor  
and city policemen to locate the  
owners of the two sewers in ques-  
tion have so far been unavailing and  
the mayor asked authority from the  
council to close the sewers until  
such time as the real owners assert  
themselves and comply with the ordi-  
nance in regard to extending the out-  
let pipes into deep water.

Mayor Titus is determined the  
city of Daytona and its suburbs shall  
be cleaned up and in future kept in  
a sanitary condition. He has been  
making a thorough investigation  
of conditions and has mapped out a  
campaign of action which it is be-  
lieved will culminate in a concerted  
movement for a system of sewer  
age for the city.

An ordinance for the granting of a  
franchise to Charles P. Sylvester and  
Minor H. P. Evans for a trackless  
trolley system in the city of Day-  
tona was presented by Alderman S.  
W. O'Brien and read by the clerk.  
The ordinance asked for the right  
of way on certain streets for a trol-  
ley system for carrying passengers,  
mail and freight, the franchise to  
extend for a period of 30 years from  
date. After the reading the ordi-  
nance was tabled by the council, the  
sentiment of the aldermen being that  
when Daytona is ready for a trolley  
system it should be one operating  
cars which run on a track.

The city ordinance regulating the  
salary of the marshal and street  
commissioner-policeman will be  
changed to eliminate the fees paid  
the officers and they will be paid a  
certain salary each month. Alder-  
man Mills of the ordinance commit-  
tee gave notice he will bring in a  
new ordinance on this matter at the  
next meeting.

The city ordinance regulating the  
tax and license on the streets for  
persons collecting of door-to-door  
salesmen will be changed to make  
two classes of salesmen, one class  
months as a minimum before a  
"good going" from St. Augustine to  
the border of Duval county. That will  
put the matter up to the commis-  
sioners of Duval to improve that por-  
tion of the road from Durbin back to  
beyond Leesville where the shell road  
begins.

## PICTURESQUE PORT ORANGE

PORT ORANGE is a pretty little village situated five miles south of Daytona on the Daytona-New Smyrna hard-surface road, the scenic highway of the East Coast. The town is located on the Halifax River, and is connected with the peninsula opposite by a bridge. The town is well laid out and has many pretty homes. A large number of tourists and winter residents make Port Orange winter headquarters, one of the several attractions being the excellent fishing. A short distance west of Port Orange are the remains of the old Dunlinton sugar mill, a place that is visited every year by hundreds of tourists. One time all the country west of Port Orange, surrounding the old mill, was a vast indigo and sugar cane plantation. The mill was operated extensively in those early days but has been in disuse for forty or fifty years. A very interesting drive from Daytona is by ocean beach to the approach of the Port Orange bridge, across the bridge and then passing through the principal street of Port Orange to the ruins of the celebrated old sugar mill, returning to Daytona by the road on the mainland.

By L. C. DEMAREE.

One of Daytona's crowning glories is her incomparable beach. No one who has ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon the waves; watch that lubberly old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, with hampers and lockers bulging with refreshments, both solid and liquid, ready for a cruise upon the beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies and the wide spreading branches of the heavy-trunked live oaks extend their giant arms across the magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from the tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with African draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

See the glistening leaf of the grand magnolia which nature has varnished as no artist's brush ever could; and the cabbage palms with their burdens of showy fruit and swaying palmas; see the lovely holly with its exquisite berry; see the climbing vines run riot in the trees; see the cryptocarpus forms which gain a foothold on the great oaks and stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps, commands more nearly universal attention and praise than does the artistic cottages. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and, as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by is treated to a kaleidoscopic change which keeps the mind wondering, "What next?"

It is not only the exterior of many of these homes which rivets attention; when they are models of convenience, and the finishing and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed, it is the interior arrangement and artistic furnishing and shading, more than the exterior appearance that gives a surpassing charm to Daytona homes. This feature justly merits prominence as another wonder.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed, but that such is a

**DELAND**, the county seat of Volusia County, is situated 23 miles southwest of Daytona and is reached from the latter city by an excellent hard-surface road recently constructed.

At Deland is located the John B. Stetson University, one of the leading educational institutions of the South. Because of the interest in matters educational Deland is known as "The Athens of Florida."

Stetson University has a faculty of 50 professors and instructors. There are over \$400,000 in buildings and equipment; nearly \$300,000 endowment; a Carnegie Library alone representing an investment in building, endowment and books, of more than \$120,000. The library is the United States Government depository for the State of Florida, and contains over 15,000 volumes. Science Hall, one of the newest of 16 buildings, with its furnishings, represents an outlay of \$60,000. Elizabeth Hall is one of the most beautiful college buildings in the South.

The city has a population of about 3,500, with a thickly settled country adjacent. Deland proper is five miles east of the St. Johns River, on the high, rolling pine land of the great "Orange Ridge" of Florida.

The "predominating products are oranges and grapefruit, the estimated crop from this vicinity being over 300,000 boxes this year. Grapes, peaches, pears, Japan persimmons, plums, pecans, guavas, strawberries and other fruits are grown in plenty.

In the way of public improvements are many miles of fine shell roads, an excellent high school, electric lights, a system of waterworks that is owned and operated by the city, supplying the purest water at little cost.

Nine houses of worship testify that Deland is a church-going community. Baptists, Episcopalians, Methodists (Northern and Southern), Presbyterians, Christians and Catholics, besides colored Baptists and Methodists, are represented. The graded school offers a ten years' course, and the building which it occupies is newly furnished throughout, and is one of the most commodious and best equipped public schools in the State.

The trip from Daytona to Deland is made by automobile in a little over an hour, and there are many pretty drives in the vicinity of the county site. A good road leads to DeLeon Springs, five miles, a historic spot, where 60,000 gallons of water bubble from the earth every minute.

From Deland automobiles go south to Osteen, 18 miles, on shell and marl roads; the St. Johns is crossed by ferry near Osteen and cars can then continue to Sanford and Orlando by hard road. There is a shell road from Deland to Orange City, five miles, and a good road from Deland to Lake Helen, a like distance.

Surrounded by several pretty lakes and guarded by lofty pine trees is Lake Helen, a winter resort of no little importance. Camp Cassadaga, a spiritualistic camp-ground is situated near Lake Helen and at this place several hundred people make winter headquarters. A large lumber mill and the largest brick plant in the South are located at Lake Helen.

**ORANGE CITY**  
The principal attraction around Orange City is the many handsome golden orange groves. The town is supplied with water said to be the purest in the world, another attraction to visitors. It is at Orange City that passengers over the Florida East Coast Ry. transfer to carriages and drive to Deland. The town is surrounded by land peculiarly adapted to the cultivation of citrus fruits.

## TO AGITATE MOVEMENT FOR PINESTRAWING ROAD.

**PROMINENT WINTER RESIDENT BEHIND MOVEMENT TO PUT ST. AUGUSTINE ROAD IN GOOD SHAPE FOR NEXT SEASON.**

T. A. Snider is interesting himself in a movement to have the road between this city and St. Augustine put in better condition for automobile travel next winter and for that purpose a petition will soon be circulated among the automobile owners in Daytona, asking for voluntary contributions to a fund for pinestrawing the soft spots in the aforesaid road.

The longest stretch of bad road is said to be just beyond the hammock north of Mound Grove and this and a few spots between it and St. Augustine can be covered with pinestraw at comparatively little expense and this pinestraw makes excellent temporary road material that should last through the season if not destroyed by fire.

It has been suggested that S. W. O'Brien be employed to look after the work, which he doubtless would be willing to do at a fair recompense for the time required, and he would be thoroughly competent and able to look after the matter.

To bring the automobiles over this road would save the owners the almost prohibitive freight rate of the F. E. C. Railway and if the road was in fair condition it would add another pleasant trip to the others to be enjoyed from Daytona and all automobile owners here should be willing to contribute something to its improvement.

## F. E. C. RAILWAY ALMOST SWAMPED WITH BUSINESS.

**HAVING GREAT DIFFICULTY IN HANDLING BOTH FREIGHT AND PASSENGER TRAFFIC — USING ENGINES FROM OTHER ROADS.**

The Florida East Coast Railway is experiencing the greatest difficulty in handling the business of the present season in both the freight and passenger departments and it has been found necessary to draw upon other roads for help in the way of locomotives and it is said that four from the Seaboard and one from the

Atlantic Coast Line are now being used, while several more could be handled to advantage.

All effort to maintain a schedule seems to have been abandoned by the management and passenger trains arrive and depart at any old time, frequently being several hours late, while freight have almost ceased to arrive at all, only one local freight apparently having reached here between Thursday and Monday and it is said that many sidings south of here are filled with cars of vegetables which is impossible to move.

Whether it is due to mismanagement or to matters for which the management can not be held responsible the fact remains that the traffic of the road is badly demoralized.

## SOON TO PLAY FINALS IN TENNIS TOURNAMENT.

The tennis tournament, which has been in progress on the courts of the Despland hotel since last week Monday, is drawing to a close and the finals will be played Wednesday afternoon.

Several interesting matches have been played since Saturday, among the most exciting being the finals in the men's singles, in which Mr. Tier beat Mr. Donnelly by scores of 8-6 6-2 6-2.

In the women's doubles Misses E. C. and E. S. Riker defeated Miss McConnell and Miss McCrady by scores of 6-2 6-4 6-3.

In the mixed doubles Mr. Armstrong and Miss E. S. Riker defeated Mr. Knickman and Miss Taylor by scores of 6-2 6-2.

## She Was Frank.

Miss Mary Morris, daughter of the late William Morris, poet and craftsman, said at a dinner in New York: "I like the American taste for its frankness. Better be frank, even if wrong. The pretty American girl was by no means hopeless whose comment on first seeing the incomparable glory of the Venus de Medici was, 'I wouldn't be seen dead with ankles like that!'"

## WASH THAT ITCH AWAY

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you knew that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25-cent bottle today. We assure you of instant relief.

Excellent Hunting and Fishing  
NEW SMYRNA, FLORIDA

**NEW SMYRNA** is situated fifteen miles south of Daytona and is an ideal spot reached from Daytona by a hard surface road winding through one of the most picturesque parts of Florida.

With its ancient ruins dating back to a time when the history of man raneth not, interlaced with wires of the modern telegraph and telephone, its miles of shell streets as hard and smooth as a floor and over-arched by hoary forest giants that grew in stately grandeur during the lapse of bygone centuries, New Smyrna is truly a place of romance and rest.

All nature here is very inviting to the tourist and pleasure-seeker. Here too is to be found the best fishing and hunting in the state of Florida.

The people are thrifty, the business men enterprising, and all unite in extending the welcome hand of hospitality to strangers. There are five church edifices for white people and an equal number for the colored population; the town has an excellent high school, a splendid public library, and up-to-date business houses.

There are any number of pretty homes for the permanent population, which numbers close to 2,000, and some very fine winter residences. There are good hotels and boarding houses where you can find accommodations to meet your requirements.

Adjoining New Smyrna is as fine a section of vegetable land as can be found anywhere. This land has been divided into small farms which can be bought at reasonable prices. Some of the finest celery grown in the state is raised on this land. All other vegetables grow in abundance, and here, too, is the home of the famous Indian River oranges.

**NEWS OF THE HOTELS**

Dr. A. H. Johnson and daughter, Mrs. W. R. Harmon, of Cedar Rapids Ia., are guests at The Pines. This is the doctor's first visit to Daytona and he is delighted with this charming winter resort.

Col. George M. Campbell of Joliet, Ill., and his daughters, Miss Jessie and Mrs. J. R. Powell, and the latter's little daughter, Elizabeth, who have been guests of the Prospect for some time, departed Monday on their return north.

Among recent arrivals at the Despland are Noah Moyer, Mrs. E. R. Moyer, Hazleton, T. B. Walker, J. H. Rafferty, Jacksonville, Mr. and Mrs. Charles Frebertshausen, Miss Hilda Frebertshausen, Pittsburg, E. C. Blakeman, Altamont, N. Y.

Mr. and Mrs. D. A. Smith of Somerville, Mass., and Mr. and Mrs. M. P. McLaughlin of Wakefield, Mass., are recent arrivals at the Palmetto hotel and are old guests of Landord Chamberlin. Mr. Smith is master mechanic of the Boston &amp; Maine railroad, and Mr. McLaughlin is at the head of the Franklin Railway Supply company of New York city.

Recent arrivals at Schmidt's hotel are D. F. Remington and wife, Springfield, Mass, Mr. and Mrs. Kirk, Mrs. Geo. Parks, Wheeling, W. Va, Mr. and Mrs. A. C. Fisher, Port Jefferson, N. Y., Thos. H. SAM HUGGINS FINISHES SENTENCE OF EIGHT MONTHS ON THE ROAD AND PROCEEDS TO TANK UP.

Sam Huggins, of color, sometimes a preacher, sometimes a common laborer and sometimes a convict laborer, has fallen into the hands of Daytona officers, on a charge of being drunk and disorderly. This is the aftermath of a little celebration on the part of Sam, the celebration being in honor of his having just completed a sentence of eight months on the road for the illegal sale of booze.

Sam finished his sentence Sunday, came home and proceeded to get drunk as a celebration of his freedom Monday, sobered up and got drunk again Tuesday. Fearing the celebration might last too long the authorities picked him up and he will make explanations to Mayor Tatus Wednesday morning.

S. M. SEVILLE FINED \$5 AND

COSTS FOR RECKLESS DRIVING

AND RUNNING OVER J. G.

JOHNSON.

Entering a plea of guilty to the illegal sale of liquor, but claiming he handled the whiskey as an accommodation to a sick blind man, Lewis Williams, colored, was fined \$50 and costs or 60 days on the streets in the mayor's court Tuesday morning.

Williams claims he was given the money by another man, who requested Williams to buy the liquor for a blind man who was sick and needed the liquor as a stimulant. No witnesses were produced to substantiate the statements of the defendant and the fine and sentence was handed out by the mayor on his plea of guilty. At the same time the defendant was given a stiff warning by the mayor not to be brought into court on a similar charge again or the sentence and fine will be much heavier.

Charged with reckless driving and running over J. G. Johnson while driving his carriage on Ridgewood avenue Sunday evening, S. M. Seville, colored, pleaded not guilty in the mayor's court Monday morning and claimed he was not on Ridgewood avenue at the time the accident is said to have happened. Johnson swore Seville was the man who ran over him and that his bicycle was smashed in the accident. Another witness was placed on the stand to prove Seville was the man driving the carriage and he was fined \$5 and costs.

LAURENCE THOMPSON PROP-

ERTY FOR NEXT SEASON.

Geo. C. Thayer, proprietor of Thayercroft Hall, Sea Gate, N. Y., has made an extensive lease of the Laurence Thompson property at Daytona Beach, and will conduct the same for hotel purposes next season.

This property includes four buildings and Mr. Thayer will fit the grounds and buildings to attract a special patronage, making tennis and other outdoor sports, including boating on the Halifax river, a particular feature of the hotel which he will call Thayercroft Inn.

This is an ideal hotel site, with great natural beauty and Mr. Thayer will without doubt make the place a very popular resort. He has been in the city, a guest of the Austin hotel, for the past two weeks, looking over the situation and finally decided upon this location as best suited to his purpose. He will leave Daytona next Saturday.

**SEABREEZE and DAYTONA BEACH**, two enterprising and progressive towns on the Halifax Peninsula, are geographically one although incorporated as separate municipalities. The towns parallel the peninsula north and south for a distance of from three and one-half to four miles, and extend east and west from the surging seas of the Atlantic Ocean to the Halifax River, the beautiful tide water stream that sets them apart from Daytona with which they have close communion by means of three bridges, as well as a half-hour ferry service.

Seabreeze and Daytona Beach are essentially summer and winter resorts and are making hundreds of new friends every year among those who desire to escape the discomforting extremes of heat and cold, and their hotels and boarding houses are now receiving splendid patronage from the most discriminating class of tourists.

The ocean itself, with its marvelous beach, hard as macadam and smooth as a floor, is the greatest attraction, although earth, air and sky seem to have entered into a combination to enhance its every charm. The beach is the famous automobile race course where every world's straight-away record has been made, and all these records it continues to hold without rival.

The beach has a width of 300 to 500 feet and can be used from two hours after until two hours before high tide, thus giving an average of seven or eight hours for automobilizing some part of each day.

Seabreeze and Daytona Beach each have a permanent population of approximately 1500. Sanitary ordinances are strictly enforced, streets and sidewalks are well kept, and new streets are being opened as fast as the increasing population demands. Besides hotels and boarding houses there is ample cottage accommodation for all winter visitors in both towns.

All the attractiveness of Seabreeze applies to Daytona Beach, the two towns being so similarly situated. The development of Daytona Beach has been fully as phenomenal as its sister on the north, and each year there is a substantial growth. The great sand dunes have been leveled and handsome homes have been built for both winter and all-year-round occupancy.

**A NEW LINCOLN STORY.**  
Lincoln's birthday brought out a new Lincoln story. This is it: Mrs. Eliza Wells of Ypsilanti, Mich., is old now, but fifty-four years ago she was a plump young girl of Springfield, Ill.

Her father, Dr. Taylor, was a chum of Lincoln, and they officed across the hall from each other. Looking through Lincoln's uncouth exterior, the doctor saw a beautiful soul.

Presently the cholera came to Springfield. Taylor was busy day and night. Lincoln helped and cheered him and when medicine was needed for the poor spared a few bills from his lean purse.

The strain and loss of sleep put the doctor on his back with typhoid fever. Lincoln spent much time at the bedside and when the doctor was dying leaned over the bed and said:

"Don't worry, doc, about going. I'm left to look after your family."

"I won't, Abe," were Taylor's last words.

Two weeks later Mrs. Taylor died of a broken heart, leaving the young girl doubly orphaned.

At the funeral they sent the daughter into the parlor to her mother's coffin alone. Dazed with her sorrow, heartbroken, shaken with dry sobs, she threw herself across her mother's coffin.

"Then," says Mrs. Wells, "I became aware of a gentle hand stroking my hair. 'Poor Eliza! Girl, come home with me now.' And, looking up, she says:

"I saw the kindest and most beautiful face God ever created. It was Mr. Lincoln's."

She also had seen a glimpse of Lincoln's soul, and he was no longer ugly.

For two years the girl lived as a member of Lincoln's household in Springfield.

After two years Eliza was married in the Lincoln home. When her husband died, shortly following the birth of the first baby, Mr. Lincoln looked after her as if she had been his own daughter.

Lincoln's biographers lost something valuable when they omitted that story. "He belongs to the ages."

Thus spoke Secretary Stanton on the morning of that fateful day in April, 1865, in the room of the house across from Ford's theater as he put out his hands to close the eyes of Abraham Lincoln when he had breathed his last. But—

The Lincoln we want to know is the one who got off his horse to put the faggots back in the nest whence the storm had blown them, the Lincoln who took to his home and heart the orphaned girl.

Annoying.

## Women Should Pay More Attention to Present Day Athletics.

### Especially if Living In the City.

By VIRGINIA C. GILDERSLEEVE,  
Dean of Barnard  
College.

IO VIEWPOINT THAN HER BROTHER.

It is rare to find a college man who excels both in the classroom and on the athletic field. I believe most men's colleges have a rule similar to the one just made at Vassar that a man must attain at least PASSING RANK to be eligible for the college teams. But few men do distinctive work and also find time for the other "grind" of elaborate training for gridiron or baseball diamond.

In the girls' colleges there is a marked difference. They combine sport and scholarship to a wonderful degree and really get very close to the old Roman ideal of the mens sana in corpore sano, and they succeed because they keep athletics in the proper place and not every place.

A sport should not be turned into a trade—a money making trade. The GAME SHOULD BE PLAYED FOR THE GAME AND NOT FOR THE GAIN. Women have not yet commercialized their athletics. There is that much to be said for them.

MANY WOMEN OUTSIDE OF COLLEGES, ESPECIALLY IN CITIES, WOULD BE MUCH BETTER OFF IF THEY PAID MORE ATTENTION TO ATHLETICS. THERE SHOULD BE MANY MORE GYMNASIUMS FOR WOMEN. MEN HAVE PLENTY—AT THEIR CLUBS, AT THE ARMORIES, AT THE Y. M. C. A.

If any one asked Holman Hunt about persons he would tell delightful frank anecdotes concerning, maybe, the great men he knew and loved and measured exactly. He liked a spice of fun in everything, too, and his face beamed as he described a walk with Tennyson he had lately taken. They heard footsteps behind, and the great man frowned. "How they dog us, Hunt! How shall we escape them?" "Just sit on the stile till they pass," said the matter of fact artist. They did so, and two lads in knickerbockers marched by swinging their sticks and not even turning their heads. Tennyson was chafed.

"Do you know, Hunt," he said, "I do not think they know who I am." "Very likely, my dear Tennyson, and they would not even know if you told them!"—Recollections of Holman

THE normal girl gives athletics their full value and no more. She makes of them a means to the end of perfect health. The girl of today is WISE ENOUGH TO KNOW THAT SOME FORM OF OUT-DOOR EXERCISE IS A NECESSITY.

The average young woman has an infinitely SANER ATHLETIC VIEWPOINT THAN HER BROTHER.

### ORMOND-ON-THE-HALIFAX

ORMOND is 5 miles from Daytona, and on the west side of the Halifax River. The location permits a perfect drainage and sanitation; elevation is suitable and ideal for winter homes. A side bridge connects Ormond with Daytona Beach. Many fine homes are maintained on either side of the river, most of them surrounded by subtropical flora and shrubbery, besides thirty orange and other citrus fruit trees.

Ormond has many attractions—excellent automobilizing, good fishing, safe boating, and many pleasant drives.

At Ormond Beach is located the large Hotel Ormond, and its lesser sister, the Preston Inn. The former occupies a position overlooking the Halifax, and the latter has an outlook the magnificent beach and the broad Atlantic.

Besides the broad, smooth beach there are many drives for carriages and automobiles around Ormond—drives to and through groves of golden oranges; drives through tropical forests to Spanish ruins; drives to the ancient Causeway built by slaves of planters of long ago, and drives to the plantations of hospitable settlers, whose places are replete with the interest of Southern fruits and flowers.

One of the most interesting of these plantations is at the headwaters of the Halifax and known as Moundgrove. It is one of the finest orange groves on the East Coast of Florida and is amid very pretty surroundings.

Moundgrove is on the Daytona-Saint Augustine road.

## TWO DISTINCT SALVATIONS ALL IN ONE OR THE OTHER

Every Human Being is to Have a Full, Fair, Intelligent Opportunity For Eternal Life—A Second Chance For Adam Only.

London, March 19.—Pastor Russell preached today at the London Tabernacle to an overflowing house. His text was taken from Hebrews II, 3: "So great salvation which began to be spoken by our Lord and was confirmed unto us by those who heard Him."

Pastor Russell observed that according to our creeds the salvation will not be so great, but rather so little, so few—only the saintly handful out of earth's thousands of millions. He thought it evident, therefore, that the creeds were in error and quoted the prophecy that the Savior would see the fruitage of the "travail of His soul and be satisfied" (Isaiah LIII, 11). The Pastor did not believe that Jesus would be satisfied with His work if it rescued merely a handful from eternal torture. He quoted various Scriptures which afford a larger hope, declaring that God sent not His Son into the world to damn the world, but "that the world through Him might be saved" from the condemnation already upon it because of Adam's disobedience. These Scriptures cannot be applied to the Church, but must be held as applicable to the world. Of the Church Jesus says, "Ye are not of the world."

Theologians for centuries have missed the key-note of the Bible, which is that the salvation of the saintly handful, the true Church or Bride of the Lamb, is merely a preliminary work—only the salvation of a "first-fruits" (James I, 18). This first-fruits class or "Church of the First-born" is to have a different salvation entirely from that which is provided for the world. The Church is to constitute God's Kingdom, for which we pray, "Thy Kingdom come." Under its Messianic sway God's will will be done on earth even as in heaven.

### The World's Salvation Earthly.

As the Scriptures show distinctly that the salvation of the Church, or the Kingdom class, is to a heavenly plane or condition, they equally show that the salvation of the world is different—an earthly salvation. To the Church the Apostle wrote, We must all be changed in a moment, in the twinkling of an eye, because flesh and blood cannot inherit the Kingdom of God (I Corinthians XV, 50-52). Of the world's salvation we read not of a change of nature, but of a *Restitution* to the perfection of the nature already given to man, but lost through the sin of our first parents—redeemed through the merit of the precious sacrifice at Calvary. The Restitution Salvation which is to come to the world through the changed and glorified Messianic Church is described by St. Peter as awaiting its due time—the Second Coming of Christ—"Times of Restitution of all things which God hath spoken by the mouth of all the Holy Prophets since the world began" (Acts III, 19-23). The fact is that the Old Testament Scriptures treat entirely of the Restitution blessings, incidentally mentioning also things pertaining to the great Messiah, through Whom those blessings will come. Christians have neglected study of the Old Testament Scriptures and hence have failed to get their blessing. Prior to the coming of Jesus no one ever dreamed of the First Resurrection change to spirit nature. Everybody had the Restitution view of salvation in mind—the hope of being raised up out of death to human perfection. Hence it was not necessary for the Apostles to emphasize this feature. Rather they drew the attention of their hearers away from the earthly prospects, which are for the world, and gave them the message of the "high calling."

### The High Calling Closing.

Now that the "high calling" is drawing to a close, having accomplished its election or salvation of the saintly handful, Divine providence is pointing us back to the Old Testament, that we may appreciate more than ever the "length and breadth and height and depth of the love of God which passeth understanding." Now we begin to see that the Scriptures foretell that Israel is to be the first amongst the nations to receive Messiah's blessing, as soon as His Kingdom shall have been established. Now we see how all the families of the earth will be blessed, not only through the Spiritual Seed of Abraham, typed by Isaac, and the Church, typed by Rebecca, but also through Abraham's natural seed these blessings will proceed to every nation under heaven. "All the blinded eyes shall be opened," "All the deaf ears shall be unstopped," "The knowledge of the Lord shall fill the earth," "The earth shall yield her increase," "The wastes and deserts shall blossom as the rose."

Ultimately the Paradise of Eden will bloom again, world-wide—God's footstool made glorious. The resurrection of the dead is the salvation which God has promised, even as death itself is the *penalty* which He has proclaimed for sin. The resurrection will not only include the awakening of those who have gone into the tomb, but, additionally, the uplifting (resurrection) of Adam and all His family from sin and death conditions, weaknesses, meanness, depravity, etc.—up to full human perfection in the image of God, as Adam was before he sinned, plus increased knowledge.

## SUPREME COURT WORK

How the Justices Prepare Decisions and Dissenting Opinions.

On Saturday evening each justice receives from the chief justice an envelope containing the names of the cases the chief justice has decided to allow the justice to write the opinions on, and the chief justice also notifies the justices of the hour of the conference on Monday morning. The conferences are usually held in the conference room under locked doors. The chief justice presides, and cases are taken up or postponed according to the wishes of the justices or their readiness to consider them. Each justice is furnished with a lock book, in which he may enter the details of a case, the record of the vote on conference and the final disposition. On a case being assigned by the chief justice to a justice to write the opinion of the court the opinion when written must be agreeable to the justices. If not the dissatisfied justice will promptly write a dissenting opinion. In some instances four of the justices have each written a dissenting opinion, but the usual custom is for one to write it and announce that the others concur.

Before a case is reached for argument the justices familiarize themselves with its records and briefs, and when one is directed to write the opinion he makes a study of the case, long or short, as its gravity demands. This may take a few days or months. The opinion is dictated, and after being typewritten it is corrected, boiled down and revised; another copy is then made, further revised and sent to the printer. In order that the composers who set the type may not know the decision of the case the foreman sets up the last few lines of the opinion, locks them in a safe, and after the opinion is set up he adds them to it, takes two proofs and forwards them under lock and key to the justice. It is again read and revised and sometimes completely altered and returned to the printer, corrected by the latter and nine reviews sent to the printer.

If the opinion is now satisfactory to the justice a copy is mailed to each member of the court. These are returned to the justice with the notations of the justices, and the opinion is revised or changed, if need be, to conform to their views. If there be a dissenting opinion the justice writing the majority opinion holds it until the dissent is completed.

Then on some Monday, the court being in session, the justice announces an opinion in the case, giving its number and title, and then proceeds to read it at length to the dozen people who may be present. If there be a dissenting opinion the justice writing the dissent reads it and announces the names of the justices who concur with him. Afterward the official reporter of the court sends a verified copy of the opinion to the publishers of the United States supreme court reports, and the case finally becomes one of

thousands in the law libraries to be read and reread if of moment or to be forgotten if mere detail.—Independent.

### The Ruling Passion.

He—I hear that your husband has taken to smoking again. I thought you insisted that he should give it up? She—Yes, so I did, but I found such a pretty smoking jacket at a bargain sale!

### A Weak Climax.

A newspaper thus describes the effects of a hurricane: "It shattered mountains, tore up oaks by the roots, dismantled churches, laid villages waste and overturned a haystack."

In character, in manners, in style, in all things, the supreme excellence is simplicity.—Longfellow.

\*FOR SALE—Mitchell touring car 40 h. p., 5 passengers, in first class condition. Apply Sanford H. Hild. 85-3t

Many otherwise intelligent people are surprisingly indifferent to the charms and advantages of knowing about the stars. An opportunity to learn something about the revealed wonders and mysteries of the universe, will be given in the address before the Palmbeach club, Thursday afternoon, by Morris H. Rogers, who has made it a hobby for many years.

\*Violets, pansies, roses and nasturtiums, for sale at east corner South Beach St. and Bellview Ave. 86-88-90

Norton Reed of Bowling Green, O., who has been at Dr. Bohannon's Private Hospital and Sanitarium on First avenue for several weeks past, does not make the improvement that could be desired, in fact his condition was reported to be not quite so good Monday. Mr. Reed is 39 years of age and until quite recently has always enjoyed the best of health and his present confinement is very irksome to him.

\*FOR SALE—Desirable furnished residence on river front, immediately opposite Daytona modern improvements, garage and servants' cottage. Lot 110 feet front running through to Ocean beach; fine fruit and shade trees; new dock; house in excellent condition. W. M. Shaffner, agent. 88-8t

\*CAR WANTED—Want to buy or hire for six weeks, for light and careful driving, good 5 passenger touring car. State bottom price and complete description in first letter. Box 103, Daytona Beach. 87-3t

Messrs. H. S. Grover and P. W. Eddy, who are stopping with Mr. and Mrs. B. H. Gardner on South Ridgewood avenue, went over to Chubb Monday afternoon to see F. C. Gardner and look over his land proposition at that place. Mr. Eddy has already purchased a small tract and will arrange for its improvement while at Chubb.

\*GIRL WANTED—For general housework, small family, six weeks good wages. Mrs. B. I. Keating, river front, south end of Valley St., Daytona Beach. 87-3t

Mr. and Mrs. Ames Whitney and daughter of Hartford, Conn., guests of Mr. and Mrs. Thos. H. White at their winter home on South Beach street, gave a delightful luncheon of 18 covers at the Hotel Clarendon, Seabreeze, Monday. Daffodils formed a pleasing decoration. Following the attractive luncheon, some of the guests enjoyed a game of bridge.

\*FOR SALE—Electric automobile, Studebaker \$500. (New would cost \$1,500.) Apply Robert Glasbrenner, at garage rear of cottage, cor. Ridgewood and Magnolia avenues. 87-2t

C. B. Lockwood of Cleveland, O., an old friend of Mr. and Mrs. Thos. H. White, who with his wife is visiting here, gave a very interesting address Monday evening at Mr. and Mrs. White's residence on South Beach street, covering the early days of California and the overland journey to that state during the gold fever of '49 and '50. Some 50 or more persons enjoyed his interesting description of the places and people.

## H. M. SETTLE A BENEDICT; WEDS PRETTY GEORGIA GIRL.

MANAGER OF GAZETTE-NEWS

POPULARITY CONTEST AR-

RIVES HERE MONDAY EVENING

WITH A BRIDE.

A wedding of much interest to many Daytona people was a pretty home affair, celebrated at the home of the bride's grandmother, Mrs. William Linton Goodwin, in Cartersville, Ga., at 5 o'clock Saturday afternoon, when Miss Eugenia Moon of Cartersville, became the bride of H. M. Settle of Daytona.

The wedding ceremony was performed in the presence of relatives and intimate friends by Rev. Dr. Duval, pastor of the Methodist church at Marietta, Ga. The ceremony was followed by a sumptuous wedding supper and a reception to the bride and groom.

Mr. and Mrs. Settle arrived in Daytona Monday evening and will remain here for two months. Mr. Settle is manager of the popularity contest now being conducted by the Gazette-News. His bride is one of the popular Steison University girls.

The steamers Constitution and Republic brought a large number of passengers to this city on their arrival Monday evening and departed Tuesday morning with an equally large number of travelers, the deck of the Republic being black with people as she left the Prince George dock, while even the Constitution carried a good crowd on the trip south to Palm Beach and other points.
